

TARGET WORDBANK

To make progress in my next project I need to...

1

- ...use the research more accurately.
- ...refer to the research more.
- ...be inspired by other products and people.
- ...minimise the waste I cause when using materials.
- ...check my work as I go.
- ...plan my work more thoroughly.
- ...explain why I have changed something.
- ...evaluate my work against what I wanted it to do.
- ...be more accurate with my making.
- ...be more accurate and neat with my drawing.
- ...be more accurate and neat with my handwriting.
- ...check the spellings of key words.
- ...make sure I use the capital letters when necessary.
- ...make sure I check my sentence structure and punctuation.
- ...choose the correct tools for each task.

2

To improve my Skill Levels I need to....

- ...focus on my listening skills.
- ...keep my work neat.
- ...keep my focus at 100%.
- ...ask more questions.
- ...give my design work as much effort as my making.
- ...give my making work as much effort as my designing.
- ...learn how to use more tools and equipment.
- ...be brave and confident and try new things.
- ...try and be more independent and not rely on asking my friends or teacher for help.
- ...make sure that all my work is my best work.

If it is not the best you can do, ask yourself "WHY not?".
